Social Media Business Pages

75% of buyers are influenced in their buying choices by what they find through social media channels. (Source VividFish)

75% of customers use social media as part of the buying process

Impact on Buying Decisions

Social media platforms are a crucial first step for many consumers with most people using social media to see products, reviews and check for brand authenticity before going to the company's website.

Importance of Engagement

Regularly posting engaging content and interacting with followers is crucial to attract potential customers.

Dominant Platform Usage

Businesses in the UK primarily utilise Facebook, Instagram, LinkedIn and YouTube for social media marketing.

Growing Advertising Spend

Social media advertising spend in the UK is projected to reach £9.95 billion in 2025, with an annual growth rate of 9.44%, leading to a projected market volume of £13.99 billion by 2029. (Source Statista)

Highest Advertising Reach

YouTube currently has the highest advertising reach among social media platforms in the UK.

On average, reaching over 39% of adults from the country. (Source Statista)

10 reasons why businesses need social media

1

Brand Awareness

Helps reach a wider audience and establish a recognisable brand presence.

2

Customer Engagement

Enables direct interaction with customers, fostering relationships and brand loyalty. A strong social media presence can significantly influence a consumer's decision to buy from a brand.

3

Cost-Effective Marketing

Compared to traditional advertising, social media marketing is more affordable and offers high return on investment (ROI).

4

Increased Web Traffic

Sharing content and promotions on social media can drive traffic to the company's website.

5

Lead Generation & Sales

Platforms like Facebook, Instagram and LinkedIn help generate leads and boost sales through targeted advertising.

6

Customer Service & Support

Provides a quick and efficient way to handle customer enquiries, complaints and feedback.

7

Competitive Advantage

Businesses that leverage social media effectively can stay ahead of competitors who do not.

8

Market Insights

Social media analytics help businesses understand customer preferences and trends.

9

SEO Benefits

Social signals (likes, shares, comments) can enhance website search engine rankings.

10

Brand Credibility & Trust

Regular updates and engagement help establish credibility and a positive brand reputation.
